NUMBER 2

Elba firemen responded quickly to a fire in the bedroom of Mrs. Claire Hayes Monday night, and the blaze was apparently confined to the room. However, four hours later, neighbors awoke to find the empty two-story house engulfed in flames. Persistent hot sparks resulted in a third call and stationing a fire truck at the scene all day Tuesday.

Mrs. Hayes was awakened by the first fire and ran to a neighbor's house to sound the alarm. However, she was in Enterprise and no one was at home when an apparent spark caught the blaze up again at 3:30 a.m.

The house was owned by the estate of Charles Hayes, Jr., and was reported a total loss.

Candidates To Get Public Questions

The Elba Jaycees are planning a question and answer session with all the candidates for city elections. They are interested in knowing what questions and what issues the citizens of Elba wish to have answered by the candidates. Initial plans are for each candidate to be asked the same question

and be given a limited time to respond. The candidates will all have the questions prior to the public event to study them and prepare their answers. Potential questions or issues should be mailed to the Jaycees Political Involvement Committee at P. O. Box 486, Elba.

19 Candidates Qualify In City Races

The deadline for qualifying in city elections passed Tuesday at 5 p.m., with only a few late candidates, and none of them surprises. Signing up late Tuesday afternoon were Ray Trammell and Refina Grimes, both running for the City Council. They brought the list to a total of 19 candidates.

The 5 candidates for mayor include incumbent Bob Folsom, Virgil Coleman, Bob English, Jimmy Wise, and Owen Ziglar.

Place One on the City Council is sought by incumbent Charles Kennett and Ray Trammell, who qualified late Tuesday. Trammell is a former city councilman.

John W. Sharpless, the incumbent in Place Two, is opposed by Ray Kyle and Refina Grimes. Kyle qualified Monday, and Grimes was the last person to qualify Tuesday. Kyle is making his first venture into politics, and Mrs. Grimes ran four years ago.

The incumbent in Place Three is running for mayor, so L.F. Inman and Danny Johnson will battle it out for that position. Inman was a runoff candidate for mayor four years ago, but this is Johnson's first venture into politics as a candidate.

The race with the most council candidates is Place Four, where incumbent D.M. English is opposed by Dixie Davis, David L. Stokes and Gary Brown. Neither of the three has ever been a candidate for public office before.

Place Five has only two candidates this year - incumbent Cleo Hawkins and L.F. (Bow) Dunaway. Hawkins is a familiar name to Elba politics, having been directly involved with city politics longer than any candidate in the race. Dunaway was a candidate for office many years ago and has served in approval of a \$31,000 loan from the several salaried positions with the city.

The first election is slated for Tuesday, July 8, with any runoff scheduled for July 29. A list of the qualified voters is published in this issue of *The Elba Clipper* as required by law. Any persons not registered, or registered and not named on the voters list, should immediately check with the Board of Registrars.

Voter Registration

Voter registration days coming up are:
Elba - June 2 - 3 - 4 - 5 - 6 - 9 - 10
Enterprise - June 11 - 12 - 13 - 16 - 17 - 18 - 19
Hours are 9 a.m. til 4:30 p.m.

EARLIEST COMPLETION WOULD BE 1986.

Elba Council Given Report On Dam

Activating the Elba power dam would generate about half the amount of electricity needed for the City of Elba, even at full capacity all day, every day of the year, said Mr. Tom Bristow, consulting engineer with G. Reynolds Watkins Engineering firm that has been selected to do the feasibility study on the project.

Bristow met with the Elba City Council Tuesday night and explained that if all runs smoothly and the project is practical in their studies, Elba could be generating power in about six years, or in January 1986. He stressed that this was a tentative schedule and was subject to many variables.

According to Bristow, the two turbines considered by experts as the maximum the river could support, would cost about one million dollars each at today's prices. These, plus work on the dam itself, and other necessary construction, and the engineering, licensing cost, etc., would cost about \$3 million. He noted that federal loan funds are available for such projects at 5% interest from Farmer's

IF APPROVED, THE CITY OF ELBA WOULD HAVE 40 YEARS TO REPAY THE FHA LOAN.

Design work begin by January 1982; Home Administration. He stressed that these are loan funds and must be repaid. He said that a loan of this type could be repaid over a forty-year period, and the City would have a four-year period after opening the plant before the loan and the interest payment would start; however, the interest would continue to build up at the rate of \$150,000 a year on this amount.

Presently the firm is beginning a feasibility study. This study officially began this week after Elba received approval of a \$31,000 loan from the Department of Energy. A check for half this amount has been received by the city. Bristow said the cost of the survey would be \$39,000, but that he had a verbal approval from DOE that additional loan money is available. He explained that if the project is practical and moves forward, the full loan must

The drive to raise money for renovation of the new Elba Public Library continues to move forward with the fund now exceeding \$4000. Mrs. Doris Taylor, chairman of the Library Board, is coordinating the project.

be paid back, but if the project is not feasible, then the DOE is authorized to consider 90% of the funds as a grant and only ten percent would have to be repaid.

"Our concern is not with the dam structure, but with the apparent erosion around the ends and things you can't see at the bottom, plus the break in the spillway," said Bristow. He said this was no big problem and they were going to take a good look at the foundation first and do their "geo-technical study" before doing the complete study. Then if the foundation is too weak, they will know right away and cancel any further study.

The cost of installation and the cost of generating electricity as compared with buying current, will be the determining factor in this project being practical, said Bristow. He noted that even if it is marginal, it probably will not be approved.

The estimated schedule for events in the project was listed by Bristow. Schedule is as follows:

Feasibility Study beginning in June, 1980 and completed by March 1981; Licensing application with Federal Power Commission completed by December 1981;

Design work begin by January 1982; Design completed by June 1983 (or 18 months). Bids would be let in 1983 with construction to begin in January 1984 and take two years. This would put the two generators on line in January 1986 at the earliest, and if the project is shown to be feasible.

Also of interest to the Council was a report from Bristow on the application for a \$670,000 Pro-Action grant. This is a labor intensive project that will work and train 16-19-year old youths. Most of the funds will be used as salaries for the youths and instructors and super-

Bluegrass

Festival

Set For

June 13-15

In Elba

visors. With input from the city in materials, "in-kind help," etc., the total cost of the project will exceed \$1 million dollars. Bristow said Tuesday night. He said an answer is due by the last of the week on the acceptance of this project in Washington.

If approved the youths will be used at the power dam site to develop a park, remove the old generators from the powerhouse and possibly do some repair work on the building itself. Bristow said only about 5% of the money will come from the City of Elba and that is for administrative expenses.

Council members were also given a brief status report on the current "201 Facilities Plan" or review of the sewage facilities as required by the government. In response to a question, Bristow said he already saw that Elba would probably have to construct some additional facilities at the lagoon site south of town.

Ziglar To Run For Office Of Mayor

Owen Ziglar has qualified as a candidate for Mayor of Elba. He has previously been elected to the city council in 1960, 1964 and again in 1972. He chose not to run in 1968 nor in 1976. Ziglar served a short term as mayor, after being appointed to fill a vacancy. However, he resigned that position himself, for personal reasons.

He is the son of Mrs. Aline Ziglar and the late Spencer Ziglar. He attended Elba High School, graduating in 1954, and attended Troy State University in the School of Business Administration.

Ziglar stated that he has the experience necessary to work for the progress of Elba, and wants a chance at the position. He said that if elected he would work in Elba.

Coffee County Commission Adopts Progress Report For Circuit Judge

The Coffee County Commission met in a special session on Thursday, May 29, in the courthouse in Enterprise, and told County Attorney Warren Rowe what to include in a report which was to be delivered to Circuit Judge Arthur Gamble before a June 4 deadline.

The Commission was to deliver a progress report to Judge Gamble at a hearing on May 20, but was granted a 15-day extension. In granting the extension, however, Gamble ordered the Commission to take "some concrete and definite steps toward constructing" a jail in Enterprise before June 4. Gamble ordered the Commission to comply with State law and build a jail in Enterprise back in October, 1979.

Probate Judge James L. Sawyer told the group the special meeting was called to give an answer to Judge Gamble, but prior to opening the

James Sawyer

meeting for discussion, he passed out a letter from the Jail Committee. The committee listed two recommendations - (1) - the county needs one new jail facility to serve all the county, and (2) - locate the new facility in New Brockton.

"We appreciate the work the jail committee has done," stated Judge Sawyer, "but the law states the jail must be in the same city as the courthouse. So, to comply with the second recommendation, you must first move the county seat by a vote of the people. Now we need to answer Judge Gamble."

"One positive step would be to hire an architect," stated Commissioner Don Smith.

"The county attorney and I contacted Mr. Donofro and asked him to send the county a bill for the work he did back in 1976," said Sawyer, "and he sent a bill for \$8,500. However, he reported the payment would be applied to the total cost of the project, and said the bill does not void the contract."

"Donofro and Associates, of Dothan, have a contract dated October 4, 1976," stated County Attorney Warren Rowe, "and the minutes of the meeting at which the contract was signed reflect the contract was made for the construction of a jail in Elba. The Commission has the right to void the contract and start on a fresh foot. Before the Commission pays the bill, it should see what work has been done. By no stretch of the imagination does his contract involve the current situation."

"The contract has no stipulations," reported Commissioner Rex Boutwell, "and it appears to still be binding. The

contract states Donofro will design a new jail in Coffee County, and no site or time is included."

"We need to get clear from Donofro before we go hire a new architect," said Commissioner Gilmer Grant, "and we need to find out exactly where we stand."

Judge Sawyer went to the files and got the minutes of a meeting in September, 1976, and they showed that Donofro was hired by a vote of 3-0 with two abstaining, to build a jail in Coffee County. No exact site was stated.

"We can explain to Judge Gamble that we will either honor the present contract, or hire a new architect as soon as we can," stated Commissioner Boutwell. "We can tell him we have a conflict with a contractor we must work out."

"We can also tell him we have plans to go to Washington, D.C. and meet with our congressmen in an attempt to acquire Federal funds," added Commissioner Smith. County Attorney Rowe informed Smith he had made plans to leave on Tuesday, June 3, and had appointments with Senator Heflin on Tuesday. Rep. Dickinson on Wednesday and Sen. Stewart on Thursday.

When the discussion turned to a proposed sales tax, Commissioner Boutwell asked, "Will we be in order to ask Judge Gamble to issue an advisory opinion on whether it is legal to pass a sales tax to finance a new jail?"

"I don't think he'll rule on the tax issue," answered Rowe. "We have two conflicting Attorney General's rulings on the legality of the tax. We should

give the Supreme Court a chance to rule on the controversy by passing the tax and then letting its legality be decided in the courts."

"I don't think we should pass a sales tax," declared Smith.

"We should tell Judge Gamble that you know your options and will exhaust all methods to choose one that is legal," said Rowe. "He believes in the law and knows what his authority is. He will be fair."

How can we tell the Judge we are moving forward when we don't even know what way we're going?" asked Boutwell.

Probate Judge James L. Sawyer told the gathering he had to speak his mind on the entire matter, and gave a long speech on his views.

"If we borrow money and build a jail in Enterprise," said Sawyer, "I'm convinced we will have to build a new jail in Elba. By building a jail in Enterprise, we will keep the dual courthouse system for 50 more years! The mayor in Elba said they shouldn't have to pay for a jail in Enterprise - well, who does he think paid for the jail in Elba? I don't think we will ever have one system unless we have it in Enterprise. I would like to see us buy 10 acres of land north of town, in the Enterprise city limits, and build a jail on the back of the lot. Then a courthouse could some day be added. We need to take the bull by the horns and make a stand! We can't afford to staff two jails, and we don't need two courthouses. It is utter stupidity to consider building two jails, and not even mention the courthouses."

"I was against building a jail in Elba," declared Sawyer, "and I'm against building a jail in Enterprise. I didn't before, and I still will not, take any action to help acquire funds to build a jail as long as we have a dual system!"

"My sole purpose in trying to build a new jail is to keep the county from being sued about the condition of the present jail," stated Sheriff Brice Paul. "We had 45 inmates in jail yesterday and we only have 36 beds. I am afraid we will get sued, and it will cost the county a lot of money. I don't care where they put it. I just need a new jail."

"I believe if we did what I said and pass a 1-cent sales tax, it would be a good answer for the Judge," repeated Sawyer.

"You have to obey the court's order," said Rowe, "and until the people of Coffee County vote to abolish the two-courthouse system, we have to believe that's what they want. Now we have to answer Judge Gamble."

Judge Sawyer stated the county didn't even have a site on which to build the jail, but Boutwell disagreed and stated, "We have selected a site behind the courthouse, and it is in the minutes."

The members of the Commission voted unanimously to send a resolution to Judge Gamble, and state the following "concrete steps" had been taken:

- (1) - work is being done to hire an architect,
- (2) - members of the Commission are

going to Washington, D.D. to try and get Federal Funds, and (3) - The Commission knows the options it has to finance the project and will pick one.

In other action at Thursday's meeting, the Commission:

***heard what repairs were needed on the two courthouses and agreed to open the bids on doing the work on June 9, and ***interviewed James W. Hall for the vacant position of County Engineer. Mr. Hall, who has worked with Alabama Electric Cooperative for 11 years, was a former space engineer, and helped design the Lunar Rover.

Don Smith

POOR ORIGINAL

BRAINSTORMS

WITH FERRIN COX

Last week we went through a traumatic time, both here at our office and in Elba as a whole. A major fire and all the aftermath of that left us all in a turmoil that has not quite settled down even this week. For years we have hungered for Elba to make the front pages of the daily papers and the radio and TV networks with good news; but alas, we still make the news but it is not something of us as can be proud of at all. I will keep dreaming for that good day to come.

We have some very loud and positive praise for the Elba Police Department and the local volunteer fire department. The fast, efficient work of the police is familiar to everyone by this time, and to a lesser degree, the work of the firemen. We saw first hand at the Ashe fire and at the Hayes fire right next door to our home, that these men work their heart out in unbearable heat and other undesirable conditions, to help their fellowman. We saw firemen actually staggering with heat and exhaustion, but still trying to pull a heavy fire hose closer to the action. We see and hear heated discussions on the right amount of pay for both these groups, but personally we as editors believe that while it is impossible to pay any of them what they are worth, each and everyone of the firemen and police officers are doing the job because they want to help their fellowman, and the money they receive is secondary; and has little or no bearing on their decision to do their job.

The time is getting close for the Elba Exchange Bank to move into their new facility. We look out our window at the office now, and only see a large new building with the grass already growing on the lawn. Workmen have completed the work visible from our office, and have mostly moved indoors with finishing touches. The word from the bank is that they will move in this month.

The picture we ran last week showing the donations to the Rescue Squad included Delores Holderfield giving one of the checks. What we failed to mention was the fact she was representing the Pilot Club. It is bad enough to make a mistake, but to let a mistake slip through involving those local radio folks is terrible, "cause we try to make them believe the newspaper never makes a mistake! We tried to alibi this one away, but couldn't think of a good excuse.

Tuesday night the City Council and those attending the council meeting got a good overview of the proposed renovation of the Elba power dam. The project engineer gave facts and figures, and the sobering fact that if it ever becomes a reality, we will be paying back the loan for the "meat fork" (40 years). This means that if it is proven feasible, if it moves forward as fast as possible (6 years if generating), and we get four more years before payments start . . . ye olde editor would not live to see the debt retired! This doesn't mean we shouldn't do it, but it does mean we can forget any "free rides of any kind."

The racking horse show held here last weekend was a great success, the horse folks tell me. Not quite understanding what is going on, I have to take their word. I can say there was a bunch of folks in Elba that have never been here before, and they seemed to be enjoying themselves. We hope it continues to grow and more folks find Elba a nice place.

Those Cubans being housed at Ft. Chaffee, Arkansas, have sure turned me sour on the whole bunch. They rioted the other day, causing me to think about the idea of bundling them up and sending them back to Castro . . . and I was not one of those howling for the mass influx to stop. I have been at the old Army base myself, didn't like it, but surely didn't riot and hurt folks trying to help me!

City politics are settling into a direction of some sort now with the deadline passed for candidates to qualify for the July 8 election. A total of 19 candidates have qualified, every office has more than one candidate, giving every voter a choice. We feel we can personally pick a group that could represent Elba favorably; you might pick some I would pick, and others I wouldn't select. Hopefully we will wind up with the best people for the job getting the most votes. Ye olde editor often says if 50% of those I vote for wins, it has been a successful election for me. We hope to see a "clean" election campaign with no lies or mudslinging, but are holding our breath that some desperate candidate will strike out at an opponent with the ole standby of gutter talk and whisper campaign.

HOSPITAL NEWS

Letters To The Editor

Dear Mr. Cox:
In writing the history of the Coffee County Baptist Association, I am endeavoring to get pictures of all of the Moderators of the association since its beginning in 1908.

I need pictures of the following men: Rev. B.S. Franklin, pastor at Elba, and Moderator in the Early Thirties.

Rev. P.C. Andrews, Moderator in 1936.
Mr. W.T. Whitman, Moderator in 1941-42.
Mr. J.A. Carnley, Jr., Moderator 1939-40.
Rev. O.M. Fox, Moderator 1948-50.

Someone sent me a color picture of Rev. Fox, but if someone has a good black and white picture it would be better.
I will deeply appreciate any help in securing the pictures of the above.

/s/ Albert L. Struder
Rt. 1, Box 352
Enterprise, Alabama 36330

field was very instrumental in our success by handling publicity on WELB. To him and his staff we are thankful. We feel a deep satisfaction in living in an area where helpful dedicated residents take such an active part in the project of community affairs. This is why we undertake such endeavors as monetary support of the Alabama Girls Ranch. Without the efforts of the local people, the club members could not achieve their quota.

Sincerely,
/s/ Syble Silvers, Secretary
Carrie Jacobs, President

Dear Mr. Cox:
On behalf of the Elba Volunteer Fire Department and the Deep South Racking Horse Association, I would like to take this means to thank each person who helped to make the Second Annual Deep South Racking Horse Show a grand success. Foremost, I would like to thank the City of Elba for providing the show grounds, water and electricity. Next the individuals and businesses for their contributions toward the show program book. Last, but not least, the exhibitors and spectators who turned out in great numbers.

Personally, I would like to thank the members of the Elba Volunteer Fire Department and the Deep South Racking Horse Association who willingly served on the many committees necessary to promote an event of this magnitude.

With your continued support, I am sure that the 1981 Third Annual Deep South Horse Show will be even "bigger and better."

Sincerely,
/s/ Tim Bradshaw,
Show Chairman & Captain, Elba Volunteer Fire Department

Death

MRS. LENA MCCOLLUGH
Mrs. Lena McCollough, age 77, of Elba, died Wednesday, May 28, 1980 in a local hospital.

Funeral services were held Thursday, May 29, 1980 at 11:00 a.m. from Hayes Funeral Home Chapel, with the Rev. David Richburg officiating. Burial was in Pleasant Ridge Cemetery.

Survivors include her husband, Ran McCollough, Elba; one daughter, Louise Nicholson, Elba; one son, Bill McCollough, Elba; two grandchildren and two great grandchildren.

We hope that you have been watching with great interest and anticipation as our new building is erected.

Elba Students To Receive Degrees

Candidates for degrees at Auburn University's commencement ceremonies on Sunday, June 8, 1980 include the following students:

Elba: Tommy Glenn Smith, Bachelor's.

Kinston: Rita Jan Davis

Metcalf Reunion Planned For June 8th

The annual re-union will be held at the Enterprise Recreation Center, Enterprise, Alabama, on Sunday, June 8, 1980 10 a.m. to 2 p.m. Lunches will be spread at 12 noon.

All Metcalfs and their kin are cordially invited to share in this good fellowship. There are many members of this family in the Wiregrass area, especially from the Enterprise, Alabama and

Blair, Bachelor's.

Dr. Hanly Funderburk, Auburn's new president, will preside at his first commencement, and faces the likelihood of awarding the institution's 100,000th degree.

Author Autographs Book For President

Dr. Joseph B. Roberts, Jr., takes to the President's chair as he autographs a copy of his new book, "Of Time and Love," for Dr. Ralph W. Adams, (standing, second from left), chief administrator of Troy State University. Looking on are Kenneth Crosslin, left, Director of University Libraries, and Dale Moseley, right, Director of Communications Services. The book, a collection of poems just published by the Troy State University Press, is the second book of poems and the ninth book written or edited by the TSU English professor, Roberts, a native of Yazoo City, Miss., earned a bachelor's degree from the University of Alabama in 1950, a master's from the University of North Carolina in 1954 and a Ph.D. from the University of Denver in 1959. "Of Time and Love" is being sold for \$7.95 per copy in the TSU Store and in bookstores across Alabama. Anyone wishing a copy mailed to

University Of Alabama Students Receive Honors

The annual Medical Students Honors Banquet was held May 24.

Medical students honored Donnie Ray Smith of Elba. Donnie received the college's research award. The award recognizes outstanding research while at the

Mr. James H. Kelley, Jr., Division Engineer, State of Alabama, Highway Department

P. O. Box 647
Troy, Alabama 36081

by June 26, 1980, requesting that the Public Hearing be held.

This Public Hearing will be held for Project Number OS-1600(4), geographically located as shown on the attached map and more specifically described as follows:

The proposed project is located in the Curtis Community approximately five miles west of Elba, Alabama. The proposed improvements consist of extending Alabama Highway 166 West on new location approximately 240 feet to an intersection with U.S. Highway 84 and constructing turning lanes on U.S. Highway 84. The proposed typical section for the extension of Alabama 166 provides for constructing a

24-foot pavement with 6-foot shoulders. Total length of this project is approximately 0.061 mile.

The general design features for this project will be in accordance with criteria established by the American Association of the State Highway and Transportation Officials, and the State of Alabama Highway Department Safety Standards for highways other than tree-ways.

The State of Alabama Highway Department, with Federal Highway Administration concurrence, has determined that implementation of this project is classified as a categorical exclusion; therefore, the usual requirements of the Federal-Aid Highway Act, Title 23, United States Code, Section 101, 128, 315, PPM 20-8 and IM-20-4-72 (FPM 7-7-5).

may be displaced by this project will be discussed at the Public Hearing. Such statements and/or exhibits may be submitted prior to, at, or within ten (10) days after the Public Hearing. These statements and/or exhibits should be submitted to Mr. James H. Kelley, Jr., Division Engineer, State of Alabama Highway Department, P.O. Box 647, Troy, Alabama 36081.

This Public Hearing is for the purpose of fulfilling the requirements of the Federal-Aid Highway Act, Title 23, United States Code, Section 101, 128, 315, PPM 20-8 and IM-20-4-72 (FPM 7-7-5).

Signed: B.J. Kemp
State of Alabama
Highway Director

COTTON STATES AUTO INSURANCE

You may be the most responsible driver on the road, but there's no way you can be responsible for the way the other guy drives. And there's no telling when you might really need your automobile insurance.

That's why we'd like you to remember that Cotton States has been insuring

motorists for a long time. And we work hard to make your insurance work hard for you. It's just another way of helping protect you and your family.

From life, to health, to home and auto insurance, we want to be there when you need us. Even when you're on the road.

Around The Town

Mrs. Nellie B. Martin

***That fine Christian family that resides in a special house on Highland Drive is moving to Butler, Alabama. Well, Butler isn't too far from Elba, but yet too far away to continue to enjoy the Henne family.

The Hennes have practiced friendship, communication and action. They have taken an active interest in all civic, social and educational activities relating to the community. Too, they have supported the agencies which were working for the moral and spiritual uplift of our nation.

Each one of the family has endeared him/herself to the Elba people and not just to the Methodist Church family.

The conscientious Hennes are ready and willing to answer the call of duty. I'm comparing their readiness to the great prophet, Isaiah - (Chapter 68) - "I heard the voice of the Lord, saying: Whom shall I send, and who will go for us? Then said I, Here am I, send me."

May the Henne family not forget Elba; our loss is Butler's gain.

***The young ladies of the Morning Circle held the social hall of the Baptist Church looking its best Sunday morning for the Senior High Department breakfast.

The tables were attractively arranged and covered with white linen cloths. Crystal bud vases filled with rosebuds rested in the center of each table. On the head table was a pretty white linen banquet-length cloth. On a round silver tray in the center was an attractive lemon pyramid-shaped arrangement, interspersed with waxes borswood.

A huge pineapple with long green fronds topped the pyramid. This arrangement held the place of interest surrounded by silver trays piled high with every imaginable eatable breakfast food.

The huge artistic arrangement of lovely roses in a silver candelabra took the place of honor on a fern stand. It was a sunburst of morning beauty.

Green ferns were placed in the background to enhance the setting. Swinging baskets of fern added to the decor.

On a large bulletin board in artistic and colorful letters were the words, "Welcome Seniors of 1980." A rosebud bowl of variegated satin ribbon added to the simplicity of the welcome.

Lovely son background stereo music gave the early morning breakfast elegance, enjoyment and expression.

Thanks goes to the thoughtful and obliging Dr. Boyce.

The graduating seniors enjoying this special affair were: Mizzi Allen, Mark Clark, Ann Corley, Jay Harper, Jamie Hudson, Robert Jerigan, Alan King, Valerie Oggs, Ashley Young, Jimmy Farris, Jan Weeks, and Mike McRae.

The special guests and parents of the honored members are most grateful for the love, thoughtfulness, and hard work of these ladies honoring the Senior High Department of the First Baptist Church.

However, the honors did not stop at the breakfast for the graduating seniors. Dr. Judson Vaughn presented each senior named with a lovely book, "The Gospel According to Norton," by Grady Nutt. The books were gifts from the church.

***Congratulations to the graduates! I've watched you grow, mature and now you are to be on your own. Remember, knowledge becomes wisdom only after it has been put to practical use. As you go out into a new world, "God may well be taken as a substitute for everything, but nothing can be taken as a substitute for God." -- "Think on these things." -- Phil. 4:8.

***Mr. and Mrs. Lotis Ham of Decatur were the weekend guests of Mr. and Mrs. G.P. Miles and Mrs. J.F. Ham.

***Being introduced over the telephone by my good friend, Bruce Crook, to a very alert and friendly person - like Rev. David Moss of Victoria, was something special.

Rev. Moss is pastor of the Victoria Baptist Church. He and his family live in the church parsonage on the

church field, which is an asset to any community.

Rev. and Mrs. Moss (Faye) were reared in College Park, Atlanta, Georgia. His parents were residents of southern Georgia when David was a child. His father before him was a Baptist minister. His father is deceased and his mother lives in Atlanta. She makes frequent visits to Victoria.

After college and marriage, the Moss family moved to the Dothan area. He enrolled in Baptist Bible Institute in Greenville, Florida, and graduated as an honor student.

Victoria Community has been commended on having a family of this magnitude as neighbors, as friends, and most of all, as dedicated Christian leaders.

***To have Keith Houtt, son of Mr. and Mrs. George Houtt, as a special soloist at the Baptist Church Sunday was most joyful. However, to have him stand as a young Christian leader of a group of handsome well-dressed young R.A. boys from Lakeview Baptist Church in Auburn, showed his true colors.

Standing with him were Gerald Brewer, Todd Hilber, David Elkins, Kyle Hildreth, Lamar White, Bud Nesmith, Daron Rasey and Jim Nesmith.

Keith, you and these fine Christian boys were a blessing to our worship service. The boys were most attentive and followed Dr. Vaughn, who so vividly pictured the faith of Joshua and the Hebrews in their successful march around Jericho. Having stood on the remains of that wall one bleak day in March 1974, it was hard for me to comprehend that I was viewing the site and remains of that wall of the oldest cities known to man - existing some 5000 years before Abraham!

***The visit was short but most enjoyable, with Mrs. Lawrence Herring of New Brockton. She was shopping in our fair city, and was getting ready for baby-sitting with her grand, Jennifer and Jimmy III. Their parents, Jimmy and Camelia Day of Gadsden, were leaving soon for a two-week vacation in blue Hawaii.

***A former school friend, Mrs. Mattie Seymour, and her daughter-in-law, Irene, were a delight to spend a few minutes with. Of course I asked about one of my former students, Bruce Daniels. He and his family are in Miami, where Bruce is an industrial engineer with a major firm. At present there are only five names on the mailing list. They are Bruce, Mr. and Mrs. Fred Parker, Mrs. Bryan Johnson and Mrs. Fred Carpenter. Of course, there's still enough youth in each to enjoy the exciting Disney world!

***My apology to these nice Elba ladies that I didn't have time to make a tour to the Orlando area. They are Mrs. Fred Parker, Mrs. Bryan Johnson and Mrs. Fred Carpenter. Of course, there's still enough youth in each to enjoy the exciting Disney world!

***The United Methodist Women's Circle met in the Educational Building for a special program. Mrs. Hilda Forehand of Enterprise, was in charge of the meeting.

***Mrs. Forehand was most instrumental in helping to organize and lead the South-east Alabama Citizens group of thirty Christians that attended the "Washington for Jesus" rally.

She lectured, showed slides, snapshots and newspaper clippings of the participants. Governor and Mrs. James were in the front line with Mrs. Forehand and Mrs. Taylor, who led the line of thousands of marchers in the rally. This devoted lady is a living testimony.

Attending from the Elba area were Mrs. Claire Hayes, Elba, and Mrs. Betty Shepherd of Damascus Community.

The thoughtful hostesses served delicious party refreshments.

Mrs. Althea Prescott presided and welcomed the speaker, the visitors and circle members.

***On a charter jet flight out

of Montgomery, with 240 aboard, were Elba's own Wayne and Betty Adkins. Eight relaxing days were spent in beautiful Honolulu, the capital of the Hawaiian Islands.

***Sister and I manage to be around "Mr. Chick's" at noon in Enterprise. The chicken fillet sandwich is more than tasty.

***We see so many nice people like the versatile Linda (Mrs. Brice) Paul. Her vivacious personality was bubbling over, and her friendliness captivated our hearts. She was so enthusiastic about her many activities. We hated that she had to rush out to meet her recurring events.

Hang in there, Linda -- to be able to execute such a wide variety of experiences, while so young, proves that the volume of your TV isn't keeping you from hearing every kind of opportunity that comes your way.

***You'll never get anywhere else, if you don't leave where you are now."

New Arrival
MANDY RACHELLE BUSH

Mike and Louise Bush are proud to announce the birth of a baby girl, Mandy Rachelle, born May 20, 1980, at 3:00 a.m. at the Naval Hospital in Pensacola.

The new daughter weighed 7 lb. 8 1/2 oz., and was 20 inches long.

Proud grandparents are Mr. and Mrs. Horace Wyatt of Nashville, Tennessee, and Mr. and Mrs. James R. Bush of Elba.

Great grandparents are Mr. and Mrs. Royce Bradshaw of Elba, Mr. W. L. Norsworthy of Elba, and Mrs. Ann Turnam of Elba.

Proceeds from this and other projects will go toward this cause.

Beale-Shettlesworth Wedding

Twilight was settling over a main street in Mobile. The winding walkway was marked by lighted hurricane lamps. On the door was a cluster of wedding bells with long white streamers blowing gently in the evening breeze.

Inside, the wedding decorations were simplicity in its full glory. Tall white wicker baskets of Shasta daisies and Baby's Breath, with yellow ribbon streamers, flanked either side of the fireplace. The mantel was banked with waxes Magnolia foliage, interspersed with tall yellow tapers, daisies and Baby's Breath.

Near the fireplace was a small round table covered with a white floor-length linen and lace tablecloth. On the table was an open white Bible, enhanced by a tall silver bud vase holding Baby's Breath and a single yellow rosebud.

The dining table was covered with a white floor-length hand-made linen and lace cloth. A high silver bowl held an artistic arrangement of daisies intermingled with green foliage and Baby's Breath. On the opposite end, was the bride's punch service. The decorative wedding cake held a special place of interest. It was enhanced by the simplicity of the hand-painted china dessert plates used in serving.

The bride wore a spray of real orange blossoms in her beautiful blonde hair. A lovely white orchid centered the cascade bouquet of stephanotis, daisies and orange blossoms. They were framed by white pleated satin ribbon. The streamers tied with love knots.

The vows were read by Rev. Ron Myers of New Orleans, a personal friend of the bride and groom.

During the ceremony, the bride's mother stood and read from the white Bible on a special place of interest. It was enhanced by the simplicity of the hand-painted china dessert plates used in serving.

To add to this beautiful and sacred marriage, the guests stood and joined hands with the wedding party as the organist played, and softly sang "The Lord's Prayer." Rev. Myers pronounced a short wedding benediction.

The wedding party and guests enjoyed a delectable hour. Little Allison Beale, dressed in baby blue, the three-year-old niece of the bride, passed the pretty hand-made linen napkins from a white wicker basket tied with narrow yellow ribbon streamers.

David and Jamie have returned from their holiday spent together as a newly married couple. They are now at home in Mobile. They count their employment, in different positions, at Providence Hospital, a mark in their favor.

The bride's mother, dressed in a stylish bird-blue silk jersey dress, and wearing a corsage of yellow and white daisies, was seated by the small table.

Mrs. Thomas Beale III, sister-in-law of the bride, dressed in a flowing blue lace and chiffon gown, was

Attending this memorable affair from Elba were Mrs. J.D. Whitman, Sr., sister-in-law of the bride, Mr. Bill Martin, and Mrs. Fred Harper, Jr.

ELBA TEACHERS RETIRE

Mrs. Nancy Crowe - Mrs. Merle Bragg

Mrs. Carlie - Mrs. Beatrice Bonner

Two retiring Elba teachers were honored at a breakfast held on Friday, May 30, 1980, at the Elba Elementary School lunchroom.

Many fellow teachers and friends were present to honor these teachers who have given of themselves to the children they have taught.

Mrs. Beatrice Bonner and Mrs. Merle Bragg were the

two honorees, and were cited by two friends for their unselfish service and years of devotion to their profession. Mrs. Carlie, quoting from a card presented to Mrs. Bonner, urged the retiree to "aspire" in the days ahead to the many things she will now have time for, and not to think of herself as "retired."

Mrs. Judy Killingsworth moved back through the years of Mrs. Bragg's teaching career with many humorous and moving incidents which had happened in her classes. Mrs. Nancy Crowe presented her with a gift from some of her teacher friends.

Mrs. Bonner was also presented with a gift.

WEEKLY POLICE DOCKET

The Elba Police Dept. reports a busy week, with 13 arrests being made for speeding (2), driving while intoxicated, no driver's license (2), failure to stop for stop sign violation of prohibition law (2), menacing, harassment, resisting arrest, reckless driving and driving with a revoked license.

12:26 a.m.-Unknown male requests to speak to policeman. 1:19 a.m.-Woman caller requests police come to residence on Taylor Mill Road in reference to domestic disturbance.

Sellers Studio To Present "Evening Of Dance"

"An evening of Dance, 1980," the 27th annual performance of the Dorothy Rainer Sellers School of Dance, will be presented on Friday and Saturday evenings, June 6 and 7, in the Opp High School auditorium. Curtain time is 8 o'clock. The 140 students performing are from 11 south Alabama and northwest Florida towns.

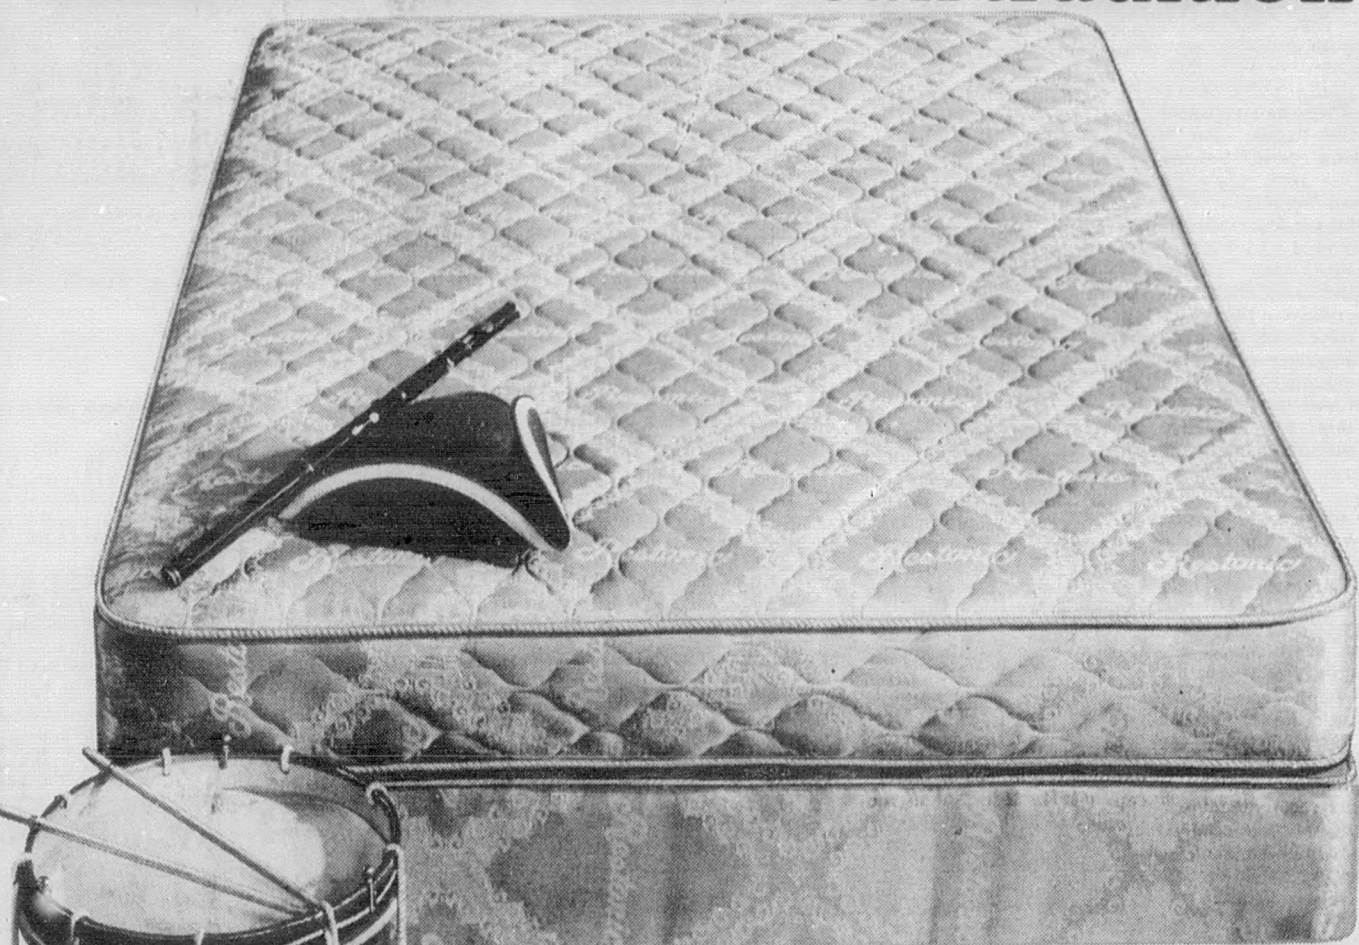

This 1980 "Evening of Dance" is a fast-moving and truly sparkling show with sequined backdrops representing the New York City skyline, the Rockefeller Plaza "Prometheus" statue, the gold curtain at Radio City Music Hall, and the fascinating shops along the RCA Building concourse.

Elba students performing are: Margaret Cox, Michele Cox, Susan Dorsey, Karen Grider, Kathy Tucker, Tom Hudson and Troy Hudson; Kingston students are: Kathy Patterson, Kelly Patterson, Lee Patterson, and Lougenor Patterson.

ALL AROUND COFFEE COUNTY

County Farm Agent
TOM CASADAY

PRIME TIME

Schools in Coffee County, including all systems, have graduated close to 600 seniors in the past few days. In this Wiregrass area several thousand young people have graduated. What a fantastic resource these young people are! There is no way to place a value on the contributions which these young people will make to the country in the decades ahead.

I hope that every senior will make plans to continue his education in some organized way. Some will go into the military and will receive good training. Others will receive highly technical training at trade schools and other places of training. Many of these students will enter Enterprise State Junior College in Enterprise, especially those from Coffee, Geneva, and Dale Counties. Others will go directly to four-year colleges and universities.

When a vacancy occurs, every employer I have ever known is looking for people with training and skills. I hope every young person will plan, and begin carrying out, an organized educational program. The time to do this is now while you are in your formative years and before most of you have family responsibilities.

You have a great opportunity right here in this area to begin training this summer and fall. Don't let this opportunity slip!

AZALEA GALL

We have had several calls about a disease on azaleas. The azalea leaves develop a pale green, pink or white fleshy gall. They usually develop on the leaves, but can also develop on other places on the plant. It is hard to believe, but some of the scientific literature reports these galls to be a delicacy called "pinkster apples." No, I am not recommending that you stew these galls and eat them, but I thought this was an interesting fact about azalea leaf gall.

In the spring spores of this fungus are produced in these galls which have overwintered on the plant or on the ground. The spores are usually released after several days of rainy weather.

How do you control this disease? Use Zineb 50% wettable powder at the rate of one tablespoonful per gallon of spray. If you have a large number of azaleas to spray, use 1/2 pounds Zineb per 100 gallons of water. Start in early spring and spray every 10 days until just before the azaleas bloom. BEFORE THE AZALEAS BLOOM. You won't usually have any problem with azalea leaf gall unless you have extended periods of rainy weather.

SOLAR HEATING

Charles Ogburn, our head engineer at Auburn, has sent us a fact sheet on "Solar Water Heating Systems for Swimming Pools." These units have been installed on producers' farms.

We will be glad to send you this fact sheet so that you can have a much better understanding of how the units have been installed on producers' farms.

RASPBERRIES

We don't grow many raspberries in Coffee County, but this past week in Enterprise I saw several rows of beautiful raspberries which were producing a good crop. Some are ripening now. Actually, I did not know that raspberries will do this well in this area. I am writing to Dr. Arlie Powell at Auburn for information on varieties, growing conditions and more information. If you're interested in planting some raspberries, let me know and I will send you all the information I have. Also, if you are interested in seeing some which are producing now, call me and we will give you directions to an Enterprise raspberry plot.

TUNE UP

Coffee County farmers can save quite a bit of fuel by keeping tractors tuned and in good repair. Keeping tractors in a good operating condition has always been important. But now since fuel has almost tripled, it is even more important. A couple of years back a 10 percent waste of a gallon of fuel would only amount to a few cents. Now a 10 percent loss is 10 - 15 cents.

Sims Receives Scholarship

Kenneth Richard Sims of Brantley has been made recipient of a George C. Wallace leadership scholarship to Troy State University. A graduate of Brantley High School, Sims was senior class president, president of FFA, member of National Honor Society and a representative of the student council. He is the son of Lester and Margaret Sims. Each year the George C. Wallace scholarship is awarded to high school and junior college students who have excelled in academic and/or leadership accomplishments.

There is much discussion about the effects of soap and water on the skin. The effect that soap and water has on most skin is to cleanse it. It's true that excessive use of soap may cause some dryness, but nature usually takes care of this through the secretion of oil to soften the skin. However, if dryness persists, there are any number of good skin softeners which will do the job.

There is absolutely no evidence which shows that excessive use of soap will cause wrinkles of the skin as is claimed by some. Wrinkling is actually the process of aging-brought on by growing old.

Special skin conditioners and other skin-care preparations are available at our pharmacy. We can serve all of your medicinal needs. Bring in your prescriptions for fast, accurate compounding.

Soil Conservation News

BY: BILL HUGHES, District Conservationist

OXYGEN PROBLEMS IN PONDS

Oxygen shortage is one of the most serious causes of fish kills in farm ponds, especially during warm cloudy days. Because of the oxygen deficiency, fish are not able to feed correctly and are put in a weakened state, and fish are more susceptible to diseases and parasites at this time, more than ever.

Oxygen levels are at their lowest in the early morning around daylight. It also becomes low during cloudy or rainy weather. Overstocking of a pond is one of the major causes of an oxygen shortage. Most ponds can support only about 2,000 catfish per acre; however, a pond with a good source of water supply may support as many as 3,000 fish per acre. To detect an oxygen shortage, check your pond at daylight. If fish are at the surface and appear to be gasping for air, you most likely have an oxygen deficiency. Also a change in the water color from a greenish color to a brown could indicate trouble. Fish do not feed well in oxygen deficient waters, so on warm cloudy days, be especially cautious, feed small amounts at a time, and carefully observe the fish for signs of trouble.

There are several ways to correct an oxygen deficient pond. The easiest way is by recirculating the water. Take water from 1 to 2 feet below the surface and spray or splash it on the surface. If a pump is not available, broadcast 50 to 100 pounds of superphosphate per surface acre of the pond. This will increase the growth of plants that manufacture oxygen.

The best way to prevent an oxygen shortage is to check the water daily from early spring to late fall, with an oxygen test kit. This is especially important during hot, cloudy, still weather. If the oxygen level tests below 3ppm, take action immediately to increase the amount of oxygen in the pond.

If you would like more information on fish ponds, contact your local Soil Conservation Service in the Coffee County Farm Center in New Brockton or call 894-6332.

The wing at Minot set a new record for SAC, by becoming the first missile wing to capture the award. Selection criteria is based on evaluations in combat readiness, security and the unit's overall contribution to the accomplishment of the SAC mission.

Sgt. Johnston's wife, Priscilla, is the daughter of Mr. and Mrs. L.H. Jordan of Rt. 1, Banks, AL.

The first project measure is the gullies along the Dewey Johnson road. This site was selected by the sponsors as first priority because of its potential hazard to life. A car has already slid into one of the 14 deep ditches, and school buses have to use this road facing the same danger. The county commission has agreed to very diligently for this project, and their support is greatly appreciated. The estimated cost of correcting these roadbank gullies will be in excess of \$200,000. Hopefully, construction can begin by late summer and this hazardous situation can be corrected.

The Coffee County Soil and Water Conservation District wants to commend the county commission for their support of this project and other Soil and Water Conservation programs.

In addition to this first site, several gullies on private landowners property have been surveyed, designed, and will be let on contract in the near future. These are very critically eroding gullies, also top on the priority list because of their rapid movement. One of these gullies will be in Dale County, one in Geneva and three in Coffee. Other gullies in the watershed will be corrected as soon as possible. The total project is expected to take between five to eight years to complete. DRAINAGE AROUND YOUR HOME

Do you have a drainage problem around your home? If the basement is wet, the yard is flooded periodically, water ponds on your lawn for a long period of time, or trees and plants grow poorly, then you have a drainage problem. About 20 percent of the land in the United States is affected by excess water. This wetness may be caused by flooding, springs and seeps, seasonal high water tables, and ponding of surface water.

Many areas now used for houses were once used for farms, woodlots, and pastures. Most of these areas are on the flood plain of a stream. In most parts of the country, homeowners are not aware their home is built on a flood plain until the damage is done. In the United States, 5 percent of the land is on flood plain. To insure adequate protection from flooding, community-wide measures are needed. Floodproofing measures include diking, provisions for block openings, regulating drain outlets and waterproof walls. These measures are expensive and require careful evaluation. If you are starting to build a house, be sure the site is not highly floodprone and built the foundation above any expected flood level.

Another recurring drainage problem is caused by springs and seeps. Natural springs and seeps occur because of existing soil, rock and landscape characteristics. Water from a spring or seep can flow into your home throughout the year or only seasonally. For protection against springs or seep, it is good practice to install subsurface drains, at levels of 4 inches in diameter and surrounded with 6 to 12 inches of gravel or sand, outside the foundation wall. The drains are commonly made of clay and concrete tile, perforated plastic and asbestos cement.

Seasonal high water tables are also a common problem in Coffee County. A water table can be defined as the upper surface of ground water or the level below which the soil is saturated with water. The level of water can fluctuate throughout the year depending on soil, landscape, and weather conditions. The seasonal high water table in the United States with an annual rainfall of 20 inches or more is 2 to 5 feet below the ground surface. The level of the water table is very important when selecting a new home site. If the water table is at or near the ground, that area should be avoided. But if the water table is 6 feet or more, it may be of little concern.

Ponding of surface water is another drainage problem. If you have surface water ponds on your lawn, you can install small diversions or ditches to channel the water off. Always grade your yard so that surface water drains away from the house. A minimum grade of 1 to 100 feet is adequate for installing suitable downspouts to control roof water may be adequate to prevent ponding in low areas of your yard.

If you need help around your home with drainage problems, contact your local building supplier, county or municipal authorities, or your local Soil and Water Conservation District offices.

The Alabama State Personnel Department has announced examinations for filling present vacancies in the following positions:

Cargo Billing Clerk I - (\$10,629 - \$13,195)
Attorney III (\$22,971 - \$29,965)
Materials Engineer I (\$13,624 - \$16,875)
Materials Engineer II (\$14,898 - \$18,733)
Physical Therapy Aide I (\$8,047 - \$9,763)
Physical Therapy Aide II (\$8,619 - \$10,478)
Capital Security Police Supervisor (\$13,819 - \$16,185)

Full information and application forms may be obtained from the State Personnel Department at Montgomery or from any local office of the State Employment Service.

Applications should be filed by June 16, 1980.

POOR ORIGINAL

SPORTS

VIEWS FROM

THE PRESSBOX

By Ricky Mulaz

Sports Editor

I've got some bad news for all you girl watchers in Elba — the Marching Tiger Band has cut back to only 8 majorettes! Last year the band had 10 cuties, and more people than ever watched the halftime show; and one of the main reasons was the majorettes. Oh well, you can always go to the concession stand.

I went to a women's softball tournament in Andalusia last weekend trying to recruit teams for our upcoming tourney, and saw a lot of good teams. Three teams verbally committed to come, and all 3 are the top teams in their leagues. Maybe this year's women's tournament will be just as exciting as the men's!

Speaking of the men's tourney, the entry fees are already rolling in, and we didn't even mail the invitations until Friday. We're hoping for our strongest field ever, and it should be quite a weekend for softball fans.

I watched a Dixie Youth game last week between the Cardinals and the Mets, and was impressed with the skills of both teams. The Cards won 1-0, but it was truly a near-perfectly played game. Both pitchers were in total control and the fielders did nothing wrong. As a matter of fact, the Cardinals turned a double-play to end the game.

If you like to watch youngsters play ball, come on out — you'll enjoy it!

The Men's Softball League is now in its second round and for the rest of the summer, there should be plenty of action in every game. The league has been divided into two groups, with the top 6 teams in one division and the lower 8 in the other. Only one game separates the sixth-place team from the leader in the upper group, while every team (except two) in the lower bracket is also within one game of the leaders.

Every game will be hotly contested and will be exciting to watch. Y'all come!

The women's league has turned into a two-team battle between Foxfire Sports and Auto Sav, but it's a balanced league, and every team could win on any given night. The best thing about women's ball is that no matter who wins, you can always just sit back and watch the players.

Hey, folks, there's plenty to do in Elba almost every night. . . .

I've heard a lot of complaints this week about the condition of the Recreation Center following last weekend's horse show. I didn't go to the show, but I heard trucks and trailers were allowed to park on the fields, and that the show was actually held on the infield of the Babe Ruth field. Can you imagine the damage horses can do to a dirt infield?

Another complaint centered around the tennis court, where someone reported the odor was so bad you couldn't even play. Recreation Director, Dennis Smith, had both the ball fields in great shape, especially the Dixie Youth field, but between the horses and the trucks, the fields were really torn up. It's a shame, because although we don't have the best facilities around, we do like what we've got!

Maybe in the future the horse show sponsors will pick a better place and time for their event!

State Lakes To Again Be Toured

The Alabama Department of Conservation and Natural Resources announced that the Fisheries Section, Game and Fish Division will again host the State Lakes Tour on June 3, 4, and 5. This tour, the only one of its kind presented in the United States, allows fishery biologists from other states, the federal government, and other fisheries organizations the opportunity to study in depth the highly successful State Lakes Management Programs.

The program has been regarded for many years as the model for the United States. This year's tour will be attended by biologists and administrators from 10 states, the President of the American Fisheries Society and the Sport Fishing Institute. The tour itinerary includes Dallas County Lake, Pike County Lake, Ozark Dale County Lake, Barbour County Lake, Auburn University, Auburn, Opelika, Chambers County Lake.

Men's Softball League Begins Second Round

The Men's Softball League completed its opening round on Monday night, and the league will now begin play in two divisions. Teams in the upper division include Zion Chapel 11-2, Hickman Movers 10-2, Dorsey 10-2, Little Beaver 10-3, Peoples Bank 10-3, and Hospital 7-3. The lower division includes Elba Exchange Bank 5-7, Cash Trailers 5-8, Grimes Oil 5-8, Victoria 4-8, Kelley's Packing 4-9, Nasco 4-9, Work Release 1-12 and The Heights 0-11.

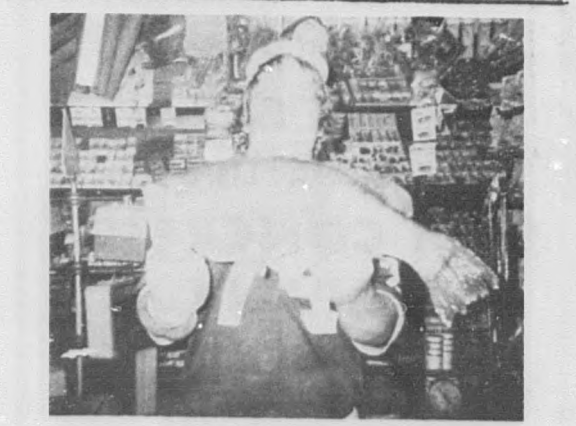

Dorsey Trailers 13-10-2
Kelley's Packing 0-2-7
Dorsey jumped into a 7-0 lead in the first inning and coasted to a 13-0 win over Kelley's Packing. Ronnie Keith and Mike Farris got 2 hits apiece to lead Dorsey, while Kelley's team got a total of only 2 hits.

Little Beaver 9-10-7
Hospital
The Little Beaver grabbed an early 7-0 lead and held on to edge the Hospital 9-6. Wayne Suttley had 2 hits, including a home run, to spark the Beaver, while Jerry Mack hit a home run for the Hospital.

Cash Trailers 13-6-2
Victoria 0-3-10
Cash Trailers combined 6 hits with 10 errors to post a lopsided 13-0 win over Victoria. Jeff Boutwell and Edsel Stone both got 2 hits for Cash, while Larry Doster added 2 hits for Victoria.

Hickman Movers 9-8-6
Exchange Bank 6-11-7
The Hickman Movers jumped into an early 7-2 lead and held on to defeat Elba Exchange Bank 9-6. Jackie Downing got 2 hits to pace Hickman, while Ted Smart and Don Pope both added 2 hits for the Bank.

Zion Chapel 13-10-3
Work Release 3-4-3
Zion Chapel led all the way to post an easy 13-3 win over Work Release. Larry Smart and Jerrel Flowers had 2 hits apiece to spark Zion Chapel, while Work

Cardinals Blank Mets 1-0 To Remain Unbeaten In Dixie Youth Baseball

The Dixie Youth baseball league had an abbreviated schedule last week, with only 3 games being played. Standings for the league are: Cardinals 5-0; Mets 5-2; Tigers 2-4; Astros 2-4; and Yankees 2-5.

Cardinals 1
Mets 0
Mick Phillips led off the fourth inning with a single, went to third base on a single by Kevin Gossy and scored on a sacrifice-fly by Kimmie Daniels for the game's only run as the Cardinals edged the Mets 1-0.

The game was a pitching duel, as Mick Phillips tossed a 4-hitter and struck out 10 batters, while the Mets' Tommy Holt fired a 6-hitter and had 7 strikeouts.

The Mets' Art Brunson was the only batter to get 2 hits.

Tigers 12
Yankees 1

The Tigers collected 4 hits and took advantage of 12 walks as they clubbed the Yankees 12-1. Chris Mordock was the star of the game, as he got 2 hits and pitched a 2-hitter, while striking out 6. Tom Stroud and Tracey Sanders both added a hit for the Tigers, while Mark Stokes and Daniel Jowers got the only hits for the Yankees.

Mets 9
Yankees 0

The Mets jumped into an early 6-0 lead and breezed to a 9-0 win over the Yankees. Art Brunson got 3 hits to pace the Mets, while Scott Kelley, Mike McColough and Jetsey Wise all added 2 hits. Derek Young belted a 3-run homer to aid the Mets, Mark Stokes got 2 hits to pace the Yankees.

Dodgers Roll Along Unbeaten

In Babe Ruth Action

The Babe Ruth baseball league had a busy week, with the Dodgers still holding on to 1st place with a perfect 7-0 record. Complete standings include: Reds 3-4; White Sox 2-5; and A's 2-5.

Dodgers 12
White Sox 3
The Dodgers took advantage of 6 errors to score 3 unearned runs and rode the pitching of Ken Yelverton to post a 12-3 win over the White Sox. Tim Williamson and Danny Folmar got the only 2 Dodger hits, while pitcher Ken Yelverton hurled a 5-hitter and struck out 14 batters.

Grimes Oil 12-13-7
Nasco 2-7-3
Grimes Oil continued on a recent winning streak by dumping Nasco 12-2. Wayne Harrison and Joe Moulton had 3 hits apiece for Grimes Oil, while Jimmy Moulton, Lamar Moulton and Greg Ellenburg all added 2 hits. Steve Smith got 2 hits for Nasco.

Peoples Bank 14-9-2
The Heights 1-5-7
The Peoples Bank scored 7 runs in the first inning and breezed to a 14-2 win over The Heights. Bobby Kin-saul, David Bandstra and Benji Kinsaul all got 2 hits for the Bankers, while Brock-ton got 2 hits for The Heights.

Grimes Oil 15-15-2
Work Release 1-2-2
Grimes Oil came out hitting and buried Work Release 15-1. Junior Moulton got 3 hits to pace Grimes Oil, while Wayne Harrison, Lamar Moulton, Joe Moulton and David Glass all added 2 hits. McBride scored the only Work Release run.

Peoples Bank 13-19-4
Cash Trailers 12-15-5
The Peoples Bank rallied to score 12 runs in the final two innings as they posted a narrow 13-12 win over Cash Trailers. Bobby Kinsaul and Lanny Griffin had 4 hits apiece to spark the Bankers, while David Bandstra added 3, and Jeff Wise, Skip Rainer and Ricky Rainer all added 2 hits. Marty Marler got 3 hits for Cash, while Joey Holley, Gary Bradshaw and Freddie Thomas all had 2 hits.

Victoria 16-18-4
Kelley's Packing 6-7-3
Victoria broke loose in the middle of the game to blast Kelley's Packing 16-6. Steven McColough got 4 hits to pace Victoria, while Wayne Parker, Larry Doster and Wilson Mobley all added 3 hits. Mark Vaughan got 3 hits for Kelley's and John David Allen added 2.

Zion Chapel 13-10-3
Work Release 3-4-3
Zion Chapel led all the way to post an easy 13-3 win over Work Release. Larry Smart and Jerrel Flowers had 2 hits apiece to spark Zion Chapel, while Work

Foxfire & And Auto Sav

Remain 1-2 In Women's Softball

The Women's Softball League is nearing the end of its second round, and it's still a 2-team race between Foxfire Sports and Auto Sav. Standings are Foxfire Sports 9-0, Auto Sav 9-1, King Realty 5-5, Loggers 5-6, Peoples Bank of New Brockton 3-8, Elba Merchants 3-8 and Zion Chapel 2-8.

Zion Chapel 7-9-4
Elba Merchants 4-11-6
Zion Chapel rallied to score 6 runs in the bottom of the sixth inning, and held on to post a 7-4 win over the Elba Merchants. D. Wheeler and R. Routzong got 2 hits apiece for Zion Chapel, while Elba Merchants' Melissa Culver and Lori all got 2 hits for the Merchants.

Peoples Bank 8-3-5
Loggers 7-11-6
The Peoples Bank of New Brockton scored 4 runs in the bottom of the sixth inning to edge the Loggers 8-7. Kim Anderson got 2 hits to lead the Bank, while Money, Zeldia Mobley, Lisa Ammons, Melissa Culver and Lori all got 2 hits for the Loggers.

Auto Sav 20-14-10
Elba Merchants 18-18-14
Auto Sav scored 5 runs in the top of the seventh inning to go ahead 20-14, and held on to edge the Elba Merchants 20-18. Becky Smart got 3 hits to pace Auto Sav, while Janet Greenwood, Tuddie Harrison, Joan Dawkins and Glenda Rainer all got 2 hits. Lennie Cook got 5 hits for the Merchants, Angie Folmar added 3, and Sherry Cook and Lucille Hudson added 2.

Loggers 14-8-4
Elba Merchants 3-8-15
The Loggers jumped into an early 7-0 lead and rolled to a 14-3 win over the Elba Merchants. Melissa Culver and Thomas had 2 hits apiece for the Loggers, while Clara Tills and Angie Folmar added 3 and 2 hits, respectively, for the Merchants.

COME ON IN... THE WATER IS FINE!
... Lifeguard Tammie Mallory invites everyone to come down to the city pools for a "cool" change of pace. The pools are open from 1-5 on Sunday, 10-2 on Monday and Friday and 10-5 on Tuesday, Wednesday, Thursday and Saturday.

New Brockton To Hold Spring Festival

The First Annual New Brockton Spring Festival is scheduled for Saturday, June 14th in shaping into a monumental event for the People and City of New Brockton. The Spring Festival is a spinoff from the old "Banana Day" formerly held in New Brockton, as some old and not so old old timers will remember.

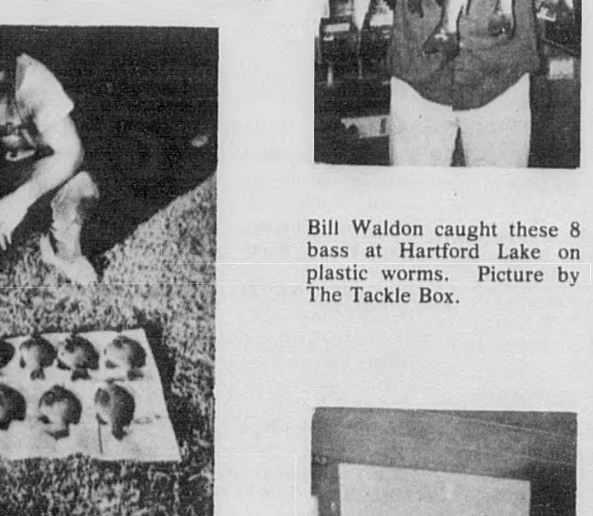

The Spring Festival is an event popping up throughout the south in the last few years. The main theme for the "festivities" is to raise funds for some worthy function that is usually an asset for the people of the community. The theme for the First Annual New Brockton Spring Festival is the New Brockton Rescue Squad. All proceeds will be donated to this most worthy function of our community.

The citizens of New Brockton would like to take this time to extend a hearty welcome to everyone who would like to attend the 1st annual event being held at the New Recreation Area in New Brockton.

A list of the activities include, a men's softball tournament, croquet, sack races, "WELB Live Art and Craft Show, Country Store, Dune buggy and Go-Kart rides, Puppet Show, and Elvis impersonator. Square dance, Wheelbarrow race, fishing, apple bobbing, greased pole climb, ring toss, dime toss, pony cart rides, basketball, throw, blood pressure booth and many more.

Bar-B-Que and Fried chicken dinners will be served from 11:00 a.m. until 1:00 p.m. or until everyone has been served.

Look forward to seeing you at the First Annual New Brockton Spring Festival.

PASTOR'S CORNER

REV. C. L. DYESS
Pastor, Elba Church of God

Very often we are given instructions on how to survive, if this or that should happen. Most people are interested in living rather than dying. However, there is always a percentage that looks at it in a mockery way. They may be required to hear the lecture, but little attention is given to the truth of the matter on the saving of their lives.

Man, no doubt, is living in one of the most dangerous times of history. Instructions are being given on how to survive tornadoes, hurricanes, or an atomic bomb, if dropped. These are only a few of the survival schools that are being taught throughout our nation.

Shortly before the hurricane hit Mobile, we saw a sign that said, "We are ready for Freddie!" Right after the hurricane, the sign read, "We thought we were ready for Freddie!"

I was born and reared in the Mobile area and had heard the threat of hurricanes yearly. Many in the area, no doubt, said, "We have lived here all our lives, and nothing really has ever happened." This time it did. I have talked to a number of people since, and their remarks about future threats of a hurricane would be, "Just mention one heading in our direction, and we will be leaving!"

How many years have you heard the story of the return of Jesus? Yes, man has preached of His return nearly 2,000 years, and it hasn't happened. Unlike other hurricanes, one has never struck with such force as Frederick; neither has Jesus returned. He made a promise that He would return; therefore, His people must prepare themselves for His return.

Jesus said in Matthew 24:42, "Therefore, whoever heareth these sayings of mine and doeth them, I will liken him unto a wise man which built his house upon a rock." In verse 26 we find where He said, "And every one that heareth these sayings of mine and doeth them not, shall be likened unto a foolish man, which built his house upon the sand."

Most everyone hears the instruction of Jesus and not all are willing to do these things required. There is quite a difference between hearing and doing.

Jesus divides hearers into two groups - some that hear the instruction of Jesus and do what they hear; and then those that hear and do not. One must not merely hear Christ say, "Talk about them, repeat them, dispute for them, hear them, and remember them," but we must "hear and do them."

Notice a certain lawyer stood up and asked the question, "Master, what must I do to inherit eternal life?" Jesus answered, "What is written in the law? How doest thou?" Notice, the lawyer knew the law. "Thou shalt love the Lord thy God with all thy heart and with all thy soul, and with all thy strength, and with all thy mind, and thy neighbor as thyself."

Jesus said the lawyer had answered right. "This do and thou shalt live." (Luke 10:25-28)

Children of God, continue to believe the return of Christ is coming. It has been proclaimed as being near, so look up and be joyful, and look forward to His return.

Rev. Howard Foreman Is New Minister At Westside Baptist Church

Rev. H. Howard Foreman has been called as pastor to the Westside Baptist Church in Elba. The Foreman family moved to Elba this past week and are already actively involved in activities of the church.

The Foremans came to Elba from Huntsville, Alabama where he served as

pastor of the Willowbrook Baptist Church. Rev. and Mrs. Foreman have four children - one son, Howard, Jr., who is a graduate of Samford University, in Music Education, and is living in Dallas, Texas; another son, George, who has just completed his first year at

Samford; and one son, John, who will enroll in seventh grade in fall school term; one daughter, Cezlynn, who is a senior at Samford, and is doing summer mission work in Baltimore, Maryland. The Foremans are from Opelika, Alabama, and his parents grew up in Dale County.

Victoria WMS Meets

The Victoria WMS met June 2, 1980, in the home of Mrs. Merle Bragg. The ten members present repeated the Watchword, and the meeting was opened with prayer.

The program, "Southern Baptists Respond to Disaster," was presented, and reports given and approved. New officers elected for the coming year were:

President - Dot Jones
Vice-President - Virginia Jordan
Secretary - Treasurer -

Merle Bragg
Program Chairman -

Reporter - Louise Thomas
Mission Action Chairman - Elizabeth Kelley
Librarians - Edie Flowers & Janet Hobbie
Scrapbook - Louise Thomas
Mission Friends - Faye Moss

The meeting was dismissed with prayer and refreshments were served to those present.

Gospel Sing To Be In Elba Stadium

The Elba Rescue Squad will sponsor a Gospel Singing on June 7, 1980, beginning at 7:30 p.m. in the Elba Stadium. In case of rain, the singing will be held in the high school auditorium.

Featured singers will be The Dyess Family of Opp, The Davis Brothers of Ino, Danny Adkinson, and The Melody Masters, of Ft. Walton, Florida, and the Harris Temple Gospel Chorus of Elba.

Each year the George C. Wallace scholarship is awarded to high school and junior college students who have excelled in academic and/or leadership accomplishments.

weather this year. It is hard to realize the difference a thousand miles or so makes.

***Mrs. Charles R. Martin, who before her recent marriage was Miss Martha Kate Lowry, was honored Thursday afternoon when Mrs. Cecil Prescott, Mrs. Sam Stephens, Mrs. Harold Hulse and Miss Marylene Pope entertained at a miscellaneous shower given at the home of Mrs. Prescott.

***Ben Johnson, Harold Devane and Gene Fuller are holding a revival at a bush arbor near the Thomas Old Main Cooper, Debbie Easters, are held at 7:30 and will continue through July 1.

***It was a sad but gay time for the Happy Time Kindergarten May 19 as members received their diplomas in pastel colored caps and gowns.

***Mr. and Mrs. Jimmy Kirkland of Andalusia, Ala. announced the birth of a daughter, born May 7, in an Andalusia hospital. At birth, Susan Jeanne weighed 10 lbs. 2 oz. Grandparents are Judge and Mrs. Eris Paul, of Andalusia, and Mrs. John Kirkland of Opp.

***The Elba Rescue Squad received a check from the Twentieth Century Study Club. Rescue Squad Captain Hugh Davis received the check. Presenting the check was Mrs. Robert Stephens.

Others present were Mrs. Doris Brock, Mrs. Louise Cooper, Mrs. Charlotte Clark and Mrs. Amorette Bullard.

***Democratic nominees elected this week were George Wallace, Jere Beasley, Juanita W. McDaniel, Mrs. S.A. Cherry, L.L. Dozier, Douglas Easters, James L. Sawyer, Ralph M. Sparks.

***The Western Auto associate store, at the northwest corner of the square, is being made more attractive by a new dress of red and white paint. The front and side wall of the building are painted white with bright red trim.

Murphy Cox, well-known painter and decorator, is the man behind the paint brush.

***Elba's two new asphalt wells have been completed. Both were drilled to a depth of approximately 550 feet. The wells are being drilled at the rate of 200 gallons per minute. The three old wells combined have a capacity of about 200 gallons per minute, which gives the city a total of 600 gallons per minute.

***Mrs. W.J. Blanch and little son, Frank Charles, of Plainfield, N.J., are visiting their parents, Mr. and Mrs. C.B. McDowell, and family. Mrs. Blanch said that when they left New Jersey last Thursday, the weather was cold enough to make wraps comfortable, and that they have had no real summer.

***Miss and Mrs. Gilbert Seymour, of Elba, announce

the engagement of their daughter, Linda Lee, to Haldon Birbon Byrd, son of Mrs. Ralph Smith of Ozark, and Mr. Shelly Byrd of New Brockton.

***Janice L. Kalec is a candidate for a B.S. degree in Education at the University of Maryland. She is the daughter of Mr. and Mrs. John D. Lowery, and major in Home Economics.

***All 50 states will be taking part in the June Dairy Month celebration. Dairying is the greatest single source of farm income in America. Extension Dairyman John Parrish, points out . . .

***Sam Broxton, widely known colored man, whose age is authenticated to be at 109 years, died at his home east of town Tuesday afternoon about one o'clock.

***Liberty News Item: Dear Editor: We wonder how everyone is this pretty June morning? Everyone is so busy - we had a little shower yesterday, not enough to stop people from work. Everything is fruiting - plum trees are bowing with their load, peach trees are loaded, mulberry trees are plump, blackberries are quite full, peanut vines are blooming, everything is late. The farmers are making a determined effort to raise plenty of foodstuff. We see the Dent corn is silking. We do not see the Dent corn silking yet. Mr. and Mrs. Driscoll Fuller have a new girl at their home. . . H.L. Boland

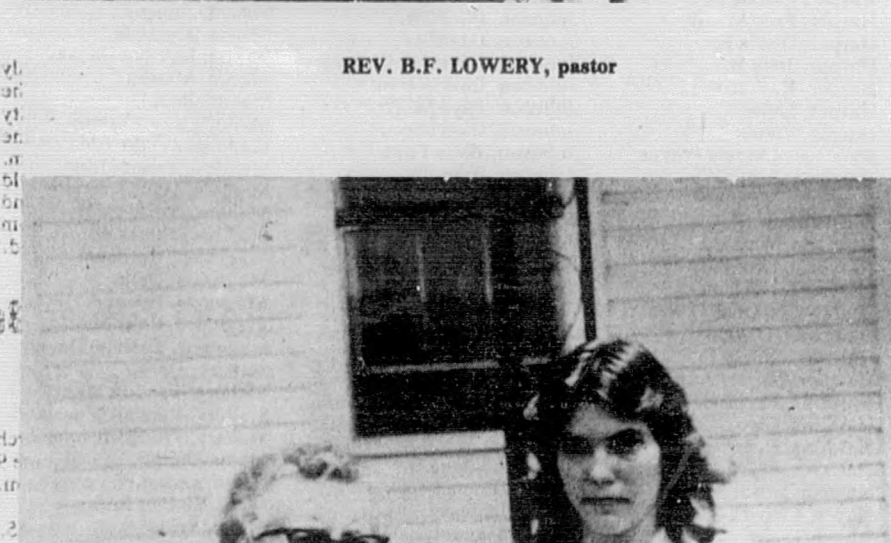

On Sunday, May 26, a large crowd gathered at the home of Mr. and Mrs. Charles A. Goodson for the purpose of celebrating the 3rd birthday of their son, Charles Edward, whose birthday was on May 27. Doc Littleton greeted the able and everyone enjoyed the delicious meal. Those present were Mr. and Mrs. Charles C. Goodson and family, Mr. and Mrs. J.H. Marler and family, Mr. and Mrs. W.C. Dewey and family, Mr. and Mrs. Bunk Goodson and family, Mr. and Mrs. Dewey Rachel, Dr. W.C. Braswell, Mr. J. Ed Goodson, Messrs. Joe Frank and Wilton Rev. Murray L. Seay, Weaver, Ralph Houston, Cliff Goodson, Tenison Smith, Lucian Perkins, Dock and Charlie Littleton, and Mrs. Alice Brown.

The Pea River Association had been organized in 1877. Bluff Springs was received into this association on October 31, 1885, in the annual meeting at New Ebenezer. C. L. Eiland was listed as pastor of Bluff Springs at the time, and served for several years.

Other early pastors were J.W. Brooks in the late eighties; L.J. Johnson, 1891-92; J.D. Allen, 1893-94; J.W.

Leslie Mullins, the county engineer in Coffee County for many years, was honored by his fellow employees with a retirement party on Friday, May 16, at the conference room of the Farm Center in New Brockton. Pictured above at the party are the Mullins family - (L-R) Richard L. Mullins, L. Ed Mullins, Mr. and Mrs. Leslie Mullins, Sandra Mullins Davis and Karen Mullins Wooley.

City Council Votes To Cut Spending

Tuesday night the Elba City Council received an update on several long-range grant-and-learn projects currently in the red tape stages. These included the required sewage facilities study, "pro-action" grant application and the much-discussed proposal to renovate the power dam.

Mr. Tom Bristow, of G. Reynolds Watkins Consulting of Montgomery, was on hand to give details and answer questions on the projects. This type discussion took most of the meeting, with only paying the bills, hearing a complaint from an upset citizen, and approving a revised contract being the other items of business discussed. An accompanying story details these projects.

The Council did vote to cut expenses, as a budget projection showed the city has been spending \$87,000 a month this year, and will only have funds to spend \$40,000 a month for the balance of the year. They voted to "instruct the mayor and city clerk to cut all expenses by not buying anything not absolutely necessary for the next four months." The Charles Kent motion was approved unanimously, and had the blessings of both Mayor Folsom and City Clerk Jack Prescott.

Councilman D.M. English reported visiting the nutrition program site on a recent morning, and he was concerned about Elba paying four people to work there. English said, "I was there from about nine until ten-thirty and I didn't see 5 cents worth of work being done." He continued with, "I wonder if we need four people on the payroll to hold down those chairs?" Folsom said that was just a time between cleaning up and serving the noon meal.

Shown above with the substance are Deputy John White, Roger Booth, Elba Policeman Robert Ross and Sheriff Paul.

The Elba Police Department is a full-time, professional law enforcement agency which has involved over 2,000 local citizens in the past seven months. The Department has received the same level of support from the community as it has from the citizens. The Department has received the same level of support from the community as it has from the citizens.

County Commission Finds No Funds Available To Build New Jail In Enterprise

The Coffee County Commission met on Monday, June 9, at the courthouse in Enterprise, and heard County Attorney Warren Rowe report funds may be available to help finance the building of a new jail in Enterprise.

Rowe, along with Commissioners Bennie Beckham and Don Smith, traveled to Washington, D.C. last week in an attempt to acquire federal funds to build the jail, and met with Sen. Howell Heflin, Sen. Donald Stewart and Rep. Bill Dickinson.

"We met with both the senators and Rep. Dickinson," stated Rowe, "and they were all most helpful. They assigned us aides to help find possible funds, and while no construction funds are now available, there may be some released in late summer or early fall. We need to have some blueprint ready on the jail so we can be first in line when the estimated \$2 billion is released."

"I believe the National Institute of Corrections has funds to help with preliminary work," added Rowe, "and we will try to acquire funds to help with the architectural expenses. We need to get going, because we need to have the application and plans ready in 60-90 days."

In closing, Rowe stated, "We are trying to get funds and feel if we can get funds we will do a service to the people of Coffee County. This way we can avoid adding a tax."

Monday's meeting actually began at 10:00 a.m., with the first order of business the opening of bids. Bidding on crushed stone were: Southern Stone Co., of Birmingham; Vulcan Materials, of Montgomery; Southeast Materials, of Birmingham; and Lane Trucking, of Dothan. The commission accepted the low bid from Southern Stone.

The commission sent out invitations to bid on repairs to the courthouses, and fertilizing and block sodding on Highway 14, but received no bids, and agreed to get proposals.

In other action at Monday's meeting, the commission: ***took no action on request to purchase an ad in a National Guard

Probate Judge James L. Sawyer and commissioners discuss buying new cabinets for storing property records.

yearbook (\$600 a page);

***approved two A-95 Reviews for (1) Youth Services Center, in Houston County, \$6,087; (2) Enterprise Investigation Dept., \$1,000;

***were told of an Attorney General's ruling that stated counties may sell warrants to help do paving work;

***signed two resolutions to get resurfacing work done on county roads 70 & 14 and authorized sending a \$500 check to the State Highway Dept. for preliminary work on the project;

***avoided a contract with Superior roofing to work on a leak at the office complex in New Brockton and discussed employing the next low bidder;

***voted to hire 4 men for a 12-week period to drive bush-hogs on county roads;

***set the salary for the Revenue Commission at \$18,000 a year, with a \$500 yearly increase for 6 years;

***ruled that all garbage dumped at the landfill in private vehicles would be subject to fee;

***was told the WIC Program would move out of the Farm Center back to the Health Dept.;

***and, voted to send out invitations to bid on plant mix to be used in resurfacing Hwy. 80.

Mayor Folsom Calls Meeting For Today

Elba Mayor Robert Folsom has announced a meeting for Thursday (today) at 1:00 p.m. to make an official announcement of the \$31,000 loan to conduct the feasibility study on the Elba power dam. The meeting will be held at Holley's Restaurant. Folsom said Tuesday he had invited a number of officials from across the nation, and a large segment of the news media.

Board Discusses Use Of Flouride In Water

The Water and Electric Board met Tuesday night with all members present. The short meeting centered around a discussion on putting flouride in the Elba water, paying the monthly bills and removing an unused water tank on Highway 84.

Dr. James Clay, local dentist, attended the meeting and asked the status of the project. He said it made more work for him without the flouride, but his interest was in better dental health for the people of Elba. Chairman Charles Hayes placed the item on the calendar for the next meeting and promised to invite several people involved with the project and project cost, to the meeting.

Bills totaling \$8,175.21 were approved, a tank no longer used was ordered removed by vote of the Board, and a short discussion on transferring some money to the City general fund led to setting up a special meeting for next Tuesday.

Information passed out to Board members showed a power bill to Alabama Electric for power used, of \$119,939.98.

Candidates To Get Public Questions

The Elba Jaycees are planning a question and answer session with all the candidates for city elections. They are interested in knowing what questions and what issues the citizens of Elba wish to have answered by the candidates.

Potential questions or issues should be mailed to the Jaycees Political Involvement Committee at P. O. Box 486, Elba.

The Elba Rescue Squad was out in force Saturday demonstrating their equipment. In the above picture, Helen Hodge is demonstrating the use of the

"Jaws of Life" used to force open cars when people have been trapped in wrecked vehicles. Mrs. Hodge is an active member of the Elba unit.

Ray Trammell In

Race For Council

Ray Trammell has qualified as a candidate for Place 1 on the Elba City Council. The place is currently held by Charles Kennett.

Trammell is a former city councilman, having served one term on the council from 1964 to 1968. He is a retired businessman, having operated his own auto repair business for a number of years.

A native of Blytheville, Arkansas, he has been a resident of Elba since 1942. He is a veteran of the U.S. Army, having served during WWII. Trammell is married to the former Frances Seymour of Elba. They have two sons - Ray, Jr., and Greg. Both sons are grown and married.

He has also served as a member of the Elba Volunteer Fire Department.

RAY TRAMMELL

This week is Bluegrass Week in Elba, as proclaimed by Elba Mayor Robert Folsom. Folsom is shown above making the official proclamation as

several Jaycees look on. They are, from left: Larry Grantham, Publicity Chairman; Jerry Kelley, External Vice-President; and Jeff Binbo, Chapter President.

The annual Bluegrass Festival is scheduled in Elba for this weekend at the Taylor Farm, on Taylor Hill Road five miles northwest of Elba.

Democratic

Committee To

Meet Saturday

Chairman Jackson W. Stokes announced this week that the Coffee County Democratic Executive Committee will meet this Saturday, June 14, at 10 a.m. The main order of business will be to set the qualifying fees of candidates for public office this year.

Among the county officials up for election this year are the six county commissioners, two school board members and the newly created office of Revenue Commissioner, which is to replace the Tax Collector and Tax Assessor.

All offices but the Revenue Commissioner's are four-year terms and this one office is for a six-year term.

Ray Kyle Qualifies For City Council

A political newcomer, Ray Kyle, 35, is seeking Place 2 on the Elba City Council. The seat is currently held by Wayne Sharpless.

A 1962 graduate of Jordan High School in Columbus, Georgia, Kyle received an Associate degree in Applied Science - Drafting and Design at Southern Union Junior College; and a degree in Technical Drafting and Design from Opelika State Technical College.

He served four years with the U.S. Marine Corps. He is employed as a machinist with Power Lifts, Inc., of Enterprise.

Kyle has worked with Babe Ruth baseball as a coach, and also with the Little League football as coach of the Elba Raiders. He and his family have resided in Elba for the past two years.

Kyle believes more should be done to encourage the growth of Elba, both economically and industrially. He said, "We need more recreation facilities for

the old and young, so the people of Elba can stay in town and still be able to enjoy themselves." He also hopes to upgrade the position of councilman. If elected, he says he hopes to be "the voice of the people of Elba" instead of seeking the office for personal gain. He encourages everyone who has not done so, to register - each vote will count.
